Dear Mr. LeBreton,

This letter is in acknowledgement of your written request dated March 13, 2014 to relocate the entrance on the draft site plan for Licence #624984 - Codrington Pit.

Conditional on a signed written agreement with Hydro One, the Ministry is supportive of revising the current draft site plans, as proposed. Should Hydro One not agree to the desired location of where the off-licence haul route intersects the hydro corridor, it will be the licencees responsibility to request an amendment to the approved site plan to reflect any necessary changes to the entrance location.

If you have any questions, please contact the local Aggregate Resources Specialist at 705-755-3109.

Sincerely,

A handwritten signature in black ink that reads "Rose Copland".
